## **ADDITIONAL INFORMATION ON CENTER PHOTOGRAPH, PAGE 380.**

This is part of the center of the well design used by the 550-room Alba Hotel in Palm Beach, FL., which opened in 1926. In 1929 it was renamed Ambassador. This could be part of the china service created for the Alba, or it could be a cut-down part of the Alba's left over decal, which was used for another customer after the Alba was renamed.
